

## PASSIVE INFRARED/MICROWAVE DETECTOR

50-044

Description	Colour	Model
Microwave Dual Quad Technology, 15m, 12V DC	White	50-044

- Combination of PIR and Microwave
- Quad (four element) pyro sensor and hard lens for outstanding detection performance and elimination of false alarms
- 2 way Microwave and PIR sensitivity adjustment
- Bi directional temperature compensation
- Environmental immunity

## TECHNICAL DATA

<b>Detection Method</b>	Quad Element PIR & Microwave Pulse Doppler
<b>Power Input</b>	8.2 to 16 V DC
<b>Current Draw</b>	Active – 25.5mA Standby – 16.5mA
<b>Temperature Compensation</b>	Yes
<b>Alarm Output</b>	N.C 28V DC 0.1A with 10 Ohm Series Protection Resistors
<b>Tamper Switch</b>	N.C 28V DC 0.1A with 10 Ohm Series Protection Resistor
<b>Dimensions</b>	123 x 62 x 38mm
